Were the SFP Solution Fund	ds (multi-managed wrap funds) o	considered? C Yes ©	No
Why should I do that?			

Investment portfolio

When a wrap fund or a selection of wrap funds is used, motivate, and explain.

Where you have constructed your own portfolio from a selection of funds contained in the SFP Approved Fund List, an analysis (ICE analysis or similar) must be provided:

illustrating the alignment of the risk profile of the constructed portfolio and that of the investor,

motivating the constructed portfolio with reference to the following aspects:

corre

		Fund Fact Sheets to client		
Funds	%	Provided	Discussed	
Fund 1	10	<b>V</b> Yes	☐ No	
Fun7	10	☐ No	<b>▼</b> Yes	

The following are reasons why the abovementioned product best suits your needs and objectives:

The details of the material aspects of the selected product that were discussed with you are outlined below.

## Tax Implications:

The investment will not attract any tax if contributions are kept within the annual limits which are R36 000 p.a and R500 000 life time. Any excess contributions will be taxed at 40%.

# Liquidity:

Planner disclose

## **Termination Penalties:**

Planner to disclosed

#### **Gurantees:**

The product does not offer any guarantees. Invested funds will be subject to market fluctuations and may be exposed to capital losses.

# Implication of Fees:

Please note there will be fees levied on the investment, these fees will result in the reduction of the returns generated by the investment and in the event of low growth may also have a negative impact on the fund value. We have also discussed the EAC which is an illustration of the maximum total cost that may be levied on your investment.

## Legislative Restrictions:

There are limits to the annual and life time contributions on this investment. You may have multiple tax free savings accounts but the annual and lifetime limits limits are applied per individual and not per investment. In the event that you make a withdrawal any subsequent replacement of funds above the limit will attract tax at 40%.

#### **Death Benefit**
